Copyright Notice & Product Licence

The Complete Knee Osteoarthritis Self-Management Workbook, including its text, exercises, worksheets, illustrations, graphics, layout and other original content, is protected by copyright and other applicable intellectual property laws.

Personal-Use Licence

Your purchase grants you a limited, non-exclusive, non-transferable licence to use the workbook for your personal, non-commercial use.

Under this licence, you may:

- download and store the workbook on your personal devices; and
- print copies or individual pages for your own personal use.

Purchasing the workbook does not transfer ownership of the copyright or other intellectual property rights in the workbook to you.

What You May Not Do

Unless you have prior written permission from the copyright owner, you may not:

- reproduce or distribute the workbook, in whole or in part, except for copies permitted for your own personal use;
- share, forward or provide copies of the workbook or its individual pages to another person;
- upload the workbook or any substantial part of it to a website, shared drive, file-sharing service, online platform or other publicly or privately accessible location;
- resell, sublicense, rent or otherwise commercially distribute the workbook;
- modify, adapt, extract or reproduce content from the workbook for redistribution, publication or commercial use; or
- use the workbook or its content in a way that infringes the copyright or other intellectual property rights of the copyright owner.

Use by Healthcare Professionals and Organisations

The standard personal-use licence does not permit healthcare professionals, clinics, practices, organisations or other commercial users to reproduce, distribute or provide copies of the workbook or individual worksheets to patients, clients, colleagues or other third parties.

Healthcare professionals may purchase the standard edition for their own personal use, but permission to reproduce or distribute materials for professional or clinical use requires a separate licence or prior written permission from the copyright owner.
